## Chapter 1 by Redgeeee

\* based off of a writing prompt: A demon writes to you in blood using a mirror but sends out helpful/ friendly messages

I sigh as the blood dripped from the edges of the mirror, down to my sink and into the drain. Crudely written letters in dark red liquid seemed to taunt me as the message it displays contrasted immensely to its presentation.

" Good morning doll ."

Goddammit. Here he goes again.

"You know I could just tape markers next to the wall. You don't have to sacrifice a goat every time you write me something. " To the average person, this scenario; namely me scolding my mirror in my pajamas in 6am in the morning would likely get to a mental institute. Fortunately, i live alone.

Just as I uttered those words, the letters started to pool on the sides then rearrange themselves to form new ones.

" Where's the fun in that?"
